Description

Akyga® AK-OT-03A is a solidly constructed **1.5 m self-assembly cable**. It can be used both to repair a damaged cord and to replace the cable end with a **G-type UK plug**.

The product is **prepared for direct soldering**. Its ends are covered with a soldering alloy to improve assembly. Thanks to this, you can easily and quickly replace the cable in a computer power supply unit as well as in other everyday use devices.
